- Dec. 26 - Boxing Day (closed)

Updates

Aiming to serve you better

Thank you to all who have already completed our Annual Satisfaction Survey, sent out earlier this year. The Survey allows us to receive your valuable input. In turn, we can ensure that we continue to update and offer services that best fit your family's needs. **The deadline to complete the Survey has been extended until the end of September, 2014.** You may complete the Survey online or download and return the paper version at www.seslp.org.

Walk-a-thon

The team at SESLP would like to extend a great big 'thank you' to everyone who participated and/or supported through donation the 2014 walk-a-thon. The walk-a-thon was held in May at Campbell Valley Regional Park and we are already looking forward to next year's! If you were unable to participate this year, please join us on next year's walk.

Donations can also be made year round to our Program through our website and are very appreciated. Visit www.seslp.org to donate today!

New site for SESLP

Many of you have now had the opportunity to visit us at our new location (9128-152nd St.) since our move last Fall. We thank you very much for your patience during the transition and recognize that finding our building for the first time was not always easy! We are happy to announce that for the time being we will continue to operate at our new site.

**Groups, classes, and camps are by invitation.
If you would like more information about a particular program,
please don't hesitate to contact us.**

Language Tip of the Season:

As the weather grows cooler, the days shorter, and the rain arrives, it's tempting to get into a routine of pyjamas and board games. However, don't miss out on the great fun and invaluable learning opportunities that the outdoors can bring at this time of year! Taking the time to dress for the weather and explore the outdoors can do wonders for language and learning development that can't be found in a structured game—and you don't need to go far. Your own backyard or nearby park allows for opportunities to crunch and throw leaves, float objects in puddles, make a mud pie, and search for snails!
