- Ma. 15 - K-Kids Clinic
- Ma. 18 - Victoria Day (closed)
- Ma. 24 - Walkathon
- Ma. 26 - Speech Camp

Updates

Walkathon

Please join us in our 13th Annual Elks and Royal Purple **Bright Futures Walkathon on Sunday, May 24th** at Campbell Valley Regional Park in Langley. Help raise awareness of speech and hearing challenges, while helping to raise funds for the services and programs offered by the Society. This fun event will include a non-competitive 1.5km run, 5km walk/run, barbeque, prize draws, and activities for the whole family! Please visit our website, www.seslp.org, for more information.

May is Speech & Hearing Month

Each year Speech-Language and Audiology Canada (SAC) dedicates the month of May to raising public awareness about communication health issues. During the month, your local speech-language pathologists and audiologists work hard to highlight the importance of early detection and intervention. Many fun and family-friendly events take place across the Country and new online resources are shared. Visit maymonth.ca for events, kids' contests, and resources, or ask your SESLP speech-language pathologist about upcoming events in your neighbourhood!

**Groups, classes, and camps are by invitation.
If you would like more information about a particular program, please don't hesitate to contact us.**

Language Tip of the Season:

A healthy child is a happier, more communicative child. To keep your child and family healthier, remember the simple steps to cold and flu prevention: wash hands regularly, cough/sneeze into your shirt sleeve, promptly dispose of used tissues, and stay home when sick. To make hand washing both effective and fun, sing a 'hand-washing' song (found on reverse of this page) when washing hands!
